SEEKER

Seeker Pontoon Boats are designed and manufactured in the USA & EU, and then assembled in Australia, with all components manufactured to the highest quality and standard.

With the combination of great styling and comfort together with practical designs to suit Australia's unique conditions, Seeker delivers enjoyment and peace of mind to owners around Australia.

Layout options include multifunctional seating, a variety of storage compartment options and even pop up change rooms. An extensive selection of layout options, colours, finishes and floor coverings mean you can personalise your boat to your own specification.

All Seeker pontoon boats meet and/or exceed Australian Standards including a beam width of 2.5 meters for legal towing anywhere in Australia. The 'Saltwater Series' are CE Certified and meet 4D & 4E Survey requirements for 'Hire & Drive' commercial applications.

The Seeker range includes the Cruise series, Signature series, Fish series and Shark series.

Welcome to Seeker – Style, quality, comfort and sensational value.
